

Khao Sok National Park Lake Adventure

Deep in the Khao Sok forest we explore caves and lime stone cliffs, lunch is served on a floating raft

Deep in the Khao Sok forest lays the breathtaking Rachaprapa Lake, spanning over 170 square kilometers. Embark on this epic journey across three provinces deep into the South of Thailand.

Stop at the Bang Reang Temple, set high upon a mountain top, housing the largest pagoda in the province and benefits from breathtaking views over the valleys below. Cruise the turquoise waters of the lake aboard a traditional Thai long tail boat against the spectacular backdrop of majestic lime stone cliffs reaching over 900 meters above the water. Lunch is served on a floating raft in the middle of the lake, enjoy a spot of kayaking, using the opportunity to sight some wild life and relax amidst the stunning surrounds.
