

Romantic Beach Seafood BBQ

"Hua Beach is the perfect setting where to celebrate love at a table"

A deserted beach is the most completely original place on earth created for two people in love. Paresa's Romantic Beach Seafood BBQ complements the breathtaking setting with the freshest seafood on the island for a memorable dining experience.

Join us for this seducing private dinner that takes places on Hua Beach, a few minutes' drive north bound from Paresa, a well kept secret on Phuket Island's beach panorama. Your own private chef and butler will ensure discreet and professional service throughout, and the menu can be customized to your individual taste.

For further enjoyment why not get your own private violinist or enhance this magical experience with a firework display.

We encourage our guests to experience the intimacy of dining privately wherever you want. Whether it's a romantic candlelit dinner at the infinity swimming pool, a gourmet picnic on board our private long tail boat, or a private dinner amidst the tropical forest surrounding the resort, we'll make it happen for you.
