

Phuket ATV Tour

If you're looking for a new way to explore the natural wonderlands of Phuket. Phuket ATV offers a different and unique All-Terrain Vehicle tour. Enjoy a fun and safe ride through real untamed rainforests, get in touch with local villages, farms, plantations, dark mangrove forests, discover a hidden waterfall and an unspoiled beach.

Our ATV bikes are fully automatic, safe and easy to operate. There is no prior riding experience needed to join our one-of-a-kind tour. After safety briefings and operations orientations both beginners and experienced riders will be practicing on an easy track to get a feel for the ATV bikes. Once used to the bikes, everyone will be ready to hit the tracks, supervised by professional staff and guides.

You can choose from 1, 2 or 3 hours of ATV riding. We also offer much more! Combine a ATV program with the challenging rope bridge with the flying fox. Our ATV tour is an ideal activity for anyone and any sunny or rainy day.
